

Lightyear

Building confidence

Setting the bar high can make success more likely

Strategy

10% more efficient

Components

Hard to be unicorn (1B)

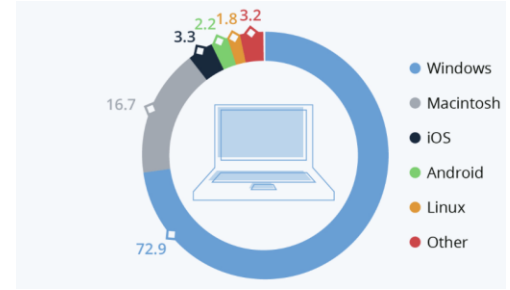

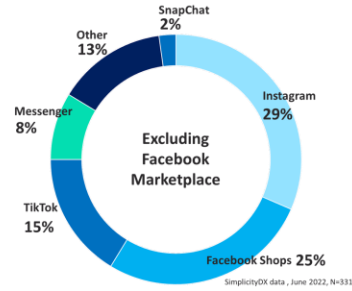

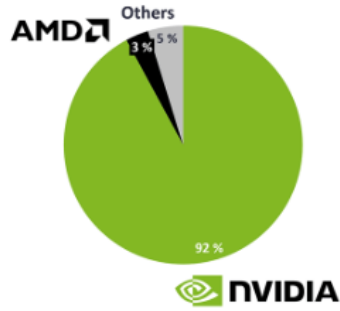

10 times less charging

System

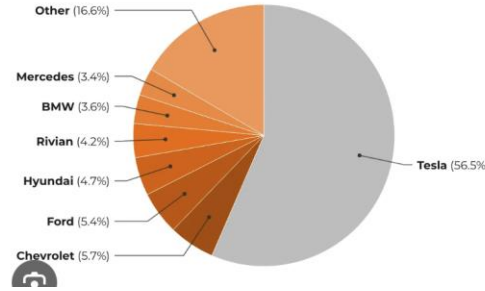

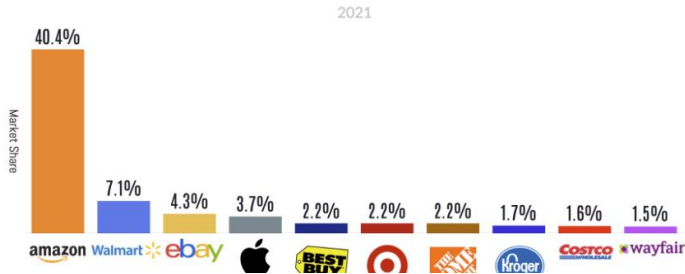

Centicorn (100B+)

1 Data center GPUs

How to excel in tech?
Winner takes all
You snooze, you lose

10x better in 2025

Deliver -- cost -- performance

Aerodynamics
20% better

Lightweight chassis
20% lighter

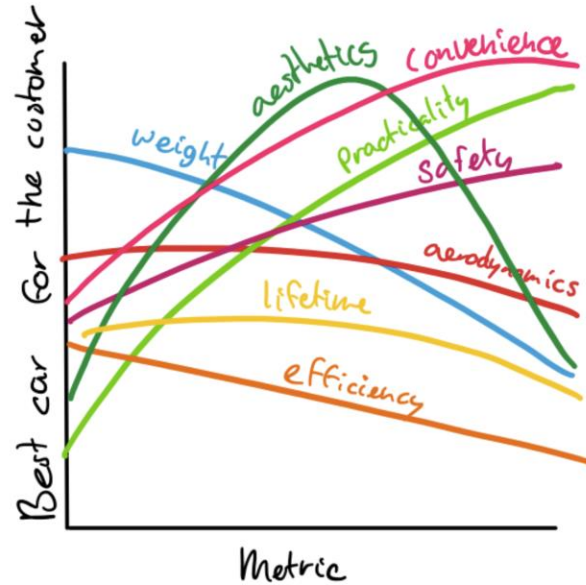

Motors
10% better

Solar panel
20% better

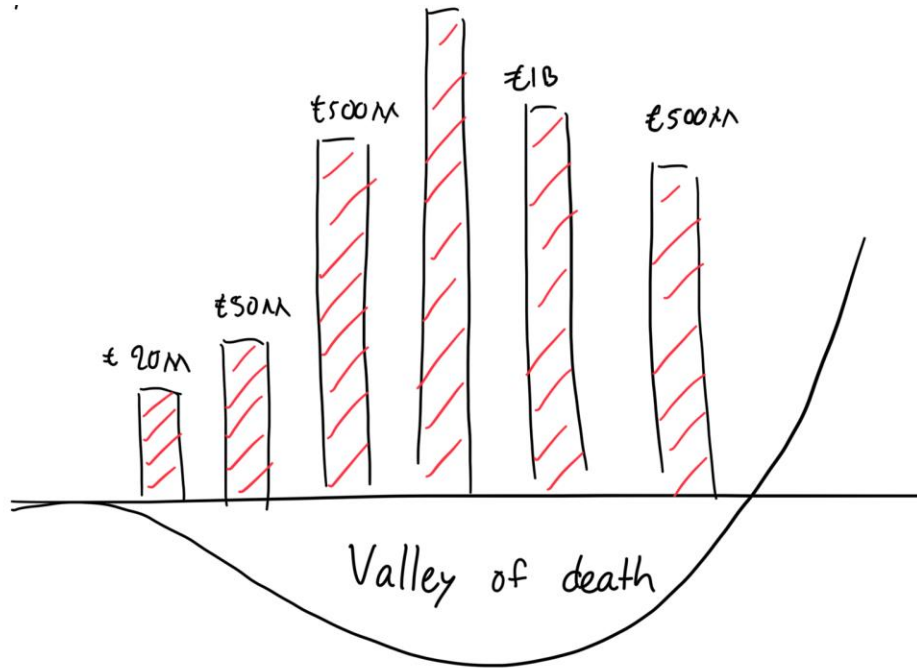

Rethink all trade-offs from a new perspective

Momentum

Competing globally

It is expensive

TESLA

\$32B

LUCID

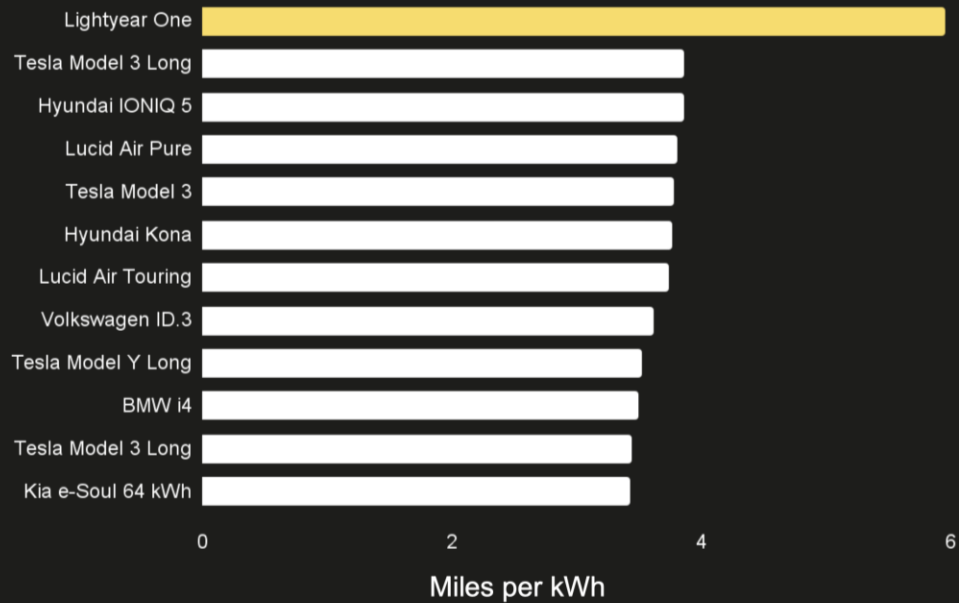

\$22B

RIVIAN

\$12B

From scratch approach works...

Will you build the
next trillion dollar
company?
