

European Young Engineers and Young KIVI present

Shaping Future Society

Conference at 10-12 May 2019 Eindhoven

Do you want to know how engineering shapes the future society ? Come to Eindhoven and discover by joining one of the tracks!

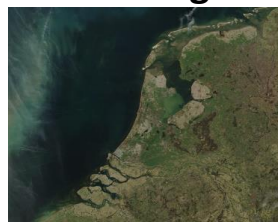

Tracks

Automotive

Moving away from fossil fuels. How do you manufacture 200 different trucks a day.

Water Management

How to master a vast mass of water. Can we protect the delta's from increasing water levels.

High Tech

How to enable ever increasing computational power. What do we learn from nanometer resolution imaging.

Each track will show you how companies located in the Netherlands survive in a competitive world not only by developing and engineering but also by manufacturing.

Location

Eindhoven is a city in the south of the Netherlands known for being a technology and design hub. The HolidayInn hotel will be the basecamp, closely located to the train station (400 m) and the conference venue (1500 m) Academisch Genootschap Eindhoven.

HolidayInn Hotel Eindhoven

Conference Venue
Academisch Genootschap Eindhoven

Programme

Exploration day

Friday 10th

“Explore society shaping industries, extend your knowledge”

Registration
Track excursions
Onsite sessions

Development day

Saturday 11th

“Think about future society, improve your skills”

Opening ceremony
Workshops and lectures
Young KIVI meetup*
Council meeting
Results of the day
Gala diner

Cultural day

Sunday 12th

“Enjoy the society of today !”

Closing ceremony
Relaxing cultural visits

[Piet Hein Eek](#)

* During the Young KIVI meetup ideas and future projects within KIVI will be explored !

Organizing team

European **Y**oung **E**ngineers and **Y**oung **K**IVI **E**ngineers

YKE: Leon Jetten

YKE: Toon Lamers

YKE/EYE: Karsten Hoekzema

YKE: Merlijn Cherdon

YKE: Jorrit de Vries

EYE: Chris Waters
