A black and white portrait of Charles Darwin, an elderly man with a full, bushy white beard and receding hairline. He is looking slightly to his left with a thoughtful expression, his right hand resting near his chin as if holding a pipe.

DARWIN ?

"It is not the strongest of the species that survives, nor the most intelligent that survives. It is the one that is most adaptable to change".

Charles Darwin

RISE OF THE MEGACITIES

According to the UN almost 180,000 people move into cities every day
– an estimated 2 people a second

1.5 billion

(22% of the population)
people live in 600 cities

Set to rise to 2 billion by 2025

These 600 cities generate
60% of global GDP

In Africa and Asia, the urban population
is expected to double between
2000 and 2030

50%

of Africa's population will be
urban by 2050. The figure
currently stands at 38%

TOP FIVE CITIES BY GDP IN 2025

- New York
- Tokyo
- Shanghai
- London
- Beijing

There are currently 23 megacities with
populations over 10 million ...
(from highest population to lowest)

- | | |
|---------------|------------------|
| ① Tokyo | ⑬ Buenos Aires |
| ② Mumbai | ⑭ Los Angeles |
| ③ Mexico City | ⑮ Karachi |
| ④ New York | ⑯ Cairo |
| ⑤ São Paulo | ⑰ Rio de Janeiro |
| ⑥ Shanghai | ⑱ Paris |
| ⑦ Kolkata | ⑲ Rhein-Ruhr |
| ⑧ Delhi | ⑳ Osaka |
| ⑨ Beijing | ㉑ Manila |
| ⑩ Chongqing | ㉒ Moscow |
| ⑪ London | ㉓ Istanbul |
| ⑫ Dhaka | |

... by 2025 there will be 36

77%

of the Latin American
population is urban
and urbanisation
rates keep rising

According to the UN World Urbanisation
Prospects, Kinshasa in the Democratic Republic
of the Congo is expected to see its population
increase from

8.75 m in 2010
to **15.04 m** in 2025

Urban population, 2030 forecasts

+ By 2030 China will have...
221 and **23**

Cities with 1 million
or more inhabitants
Cities with five
million or more

TOP FIVE CITIES BY POPULATION IN 2025

- Tokyo
- Mumbai
- Shanghai
- Beijing
- Delhi

In 20 years, China's cities will have
added 350 million people – more than the
entire population of the United States today

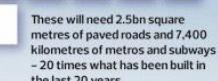

Percentage of Indian urban population
earning an average of 80 rupees
(approximately £1) per day

In 2030 numerous Indian cities will have
larger economies than many countries.
Mumbai's GDP is projected to reach

\$265 bn

6 mega cities with more than 10 million

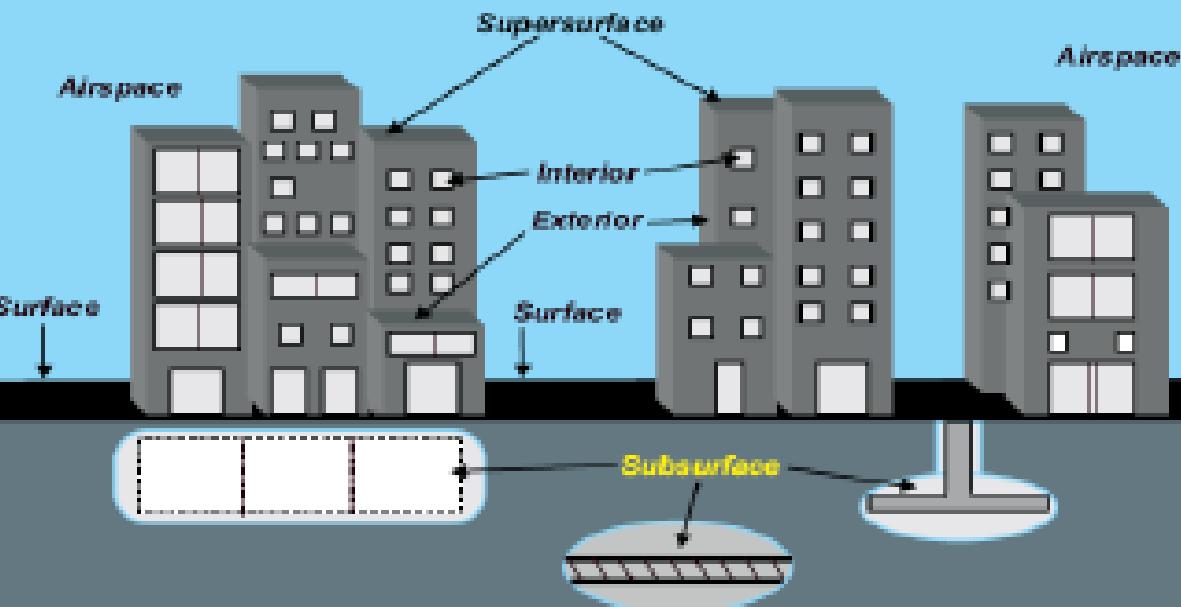

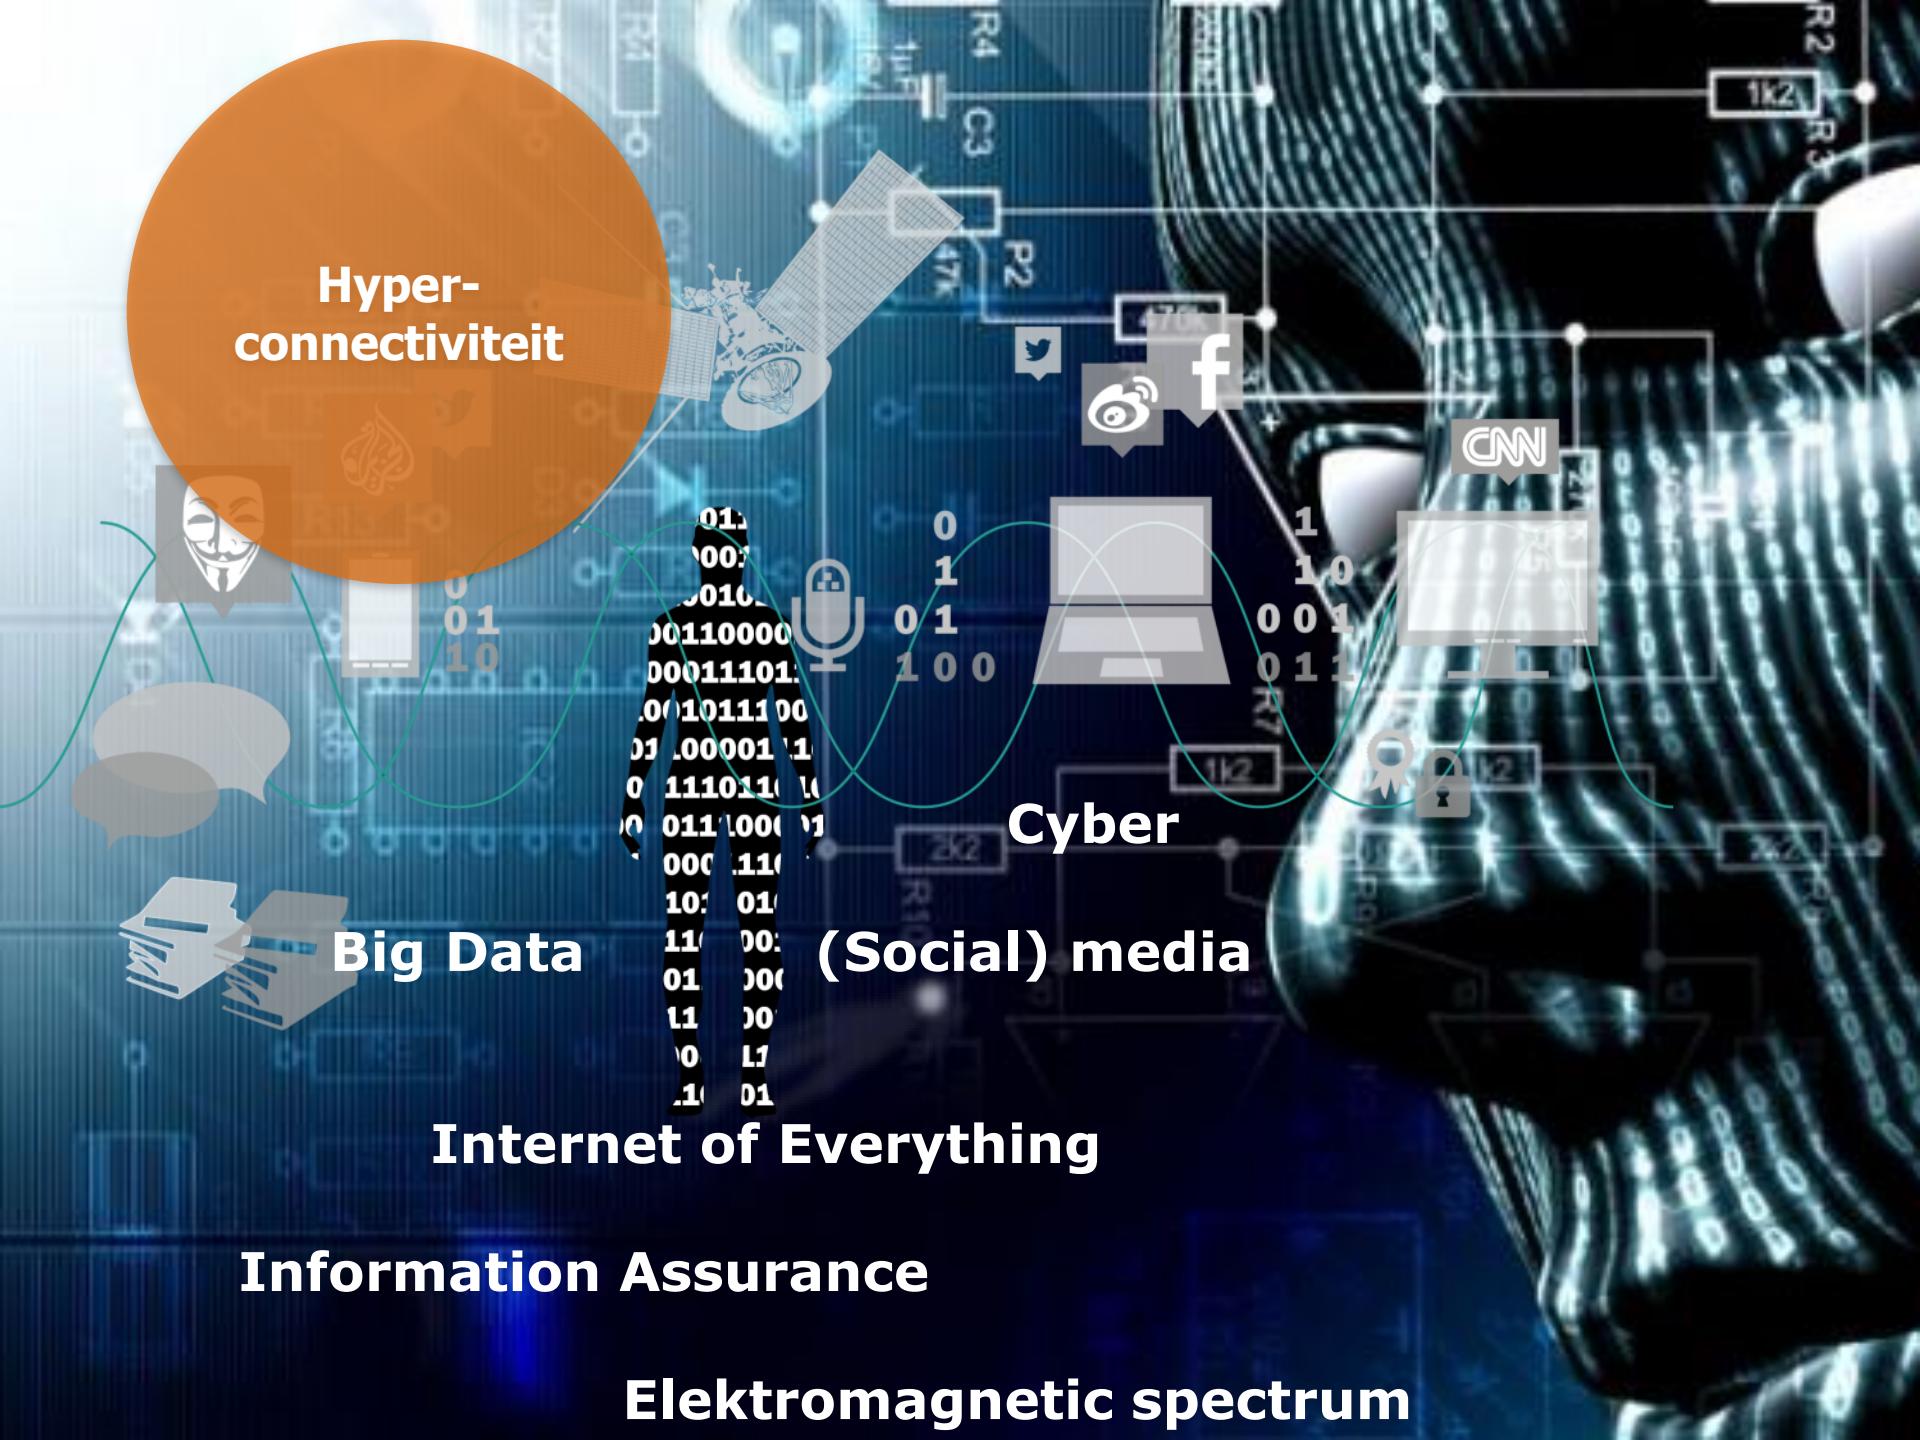

These will need 2.5bn square
metres of paved roads and 7,400
kilometres of metros and subways –
20 times what has been built in
the last 20 years

Chengdu in China's Sichuan province: the municipality of Chengdu's population has risen from less than 900,000 in 1950 to more than 14 million today including an urban population of 7 million
